

If we want a skillful workforce for 2031, we need to teach our school students how to be lifelong learners now. EMK Center has initiated a flagship program “Road to 4IR” which is aimed to prepare the next generation to take advantage of the plethora of opportunities enabled by ever-increasing technological changes due to the Fourth Industrial Revolution.

In this one-month-long program, 5 mentors will introduce various 4IR skills to the participants. The first cohort of this program that begins on May 23, 2021 will consist of 31 young female students of BMARPC.

An opening ceremony was hosted on May 22, 2021 to welcome the participants. Mr. Asif Uddin Ahmed, Acting Director of EMK Center, Mr. Manik Mahmud, Head of Social Innovation Cluster of a2i - Aspire to Innovate, and Lt Col Hafez Md. Zonayed Ahmed, Honorable Principal of Birshreshtha Munshi Abdur Rouf Public College shared their remarks on the occasion.
